Sell Simple wherever you go

In today's non-stop digital economy, success depends on fast response. To deliver it, you need the flexibility to work anywhere, anytime—and critical resources available at your fingertips, not just your desk. With the Ariba® Supplier mobile app ("Ariba Supplier"), that's exactly what you get.

Ariba Supplier helps you Sell Simple by providing secure, on-the-go access to your Ariba® Network account. Intuitive navigation makes it easy to complete tasks, manage transactions, find information, and collaborate with customers directly from your iPhone, iPad, or Android device.* So when you need to take action or get answers, you can—24x7, whether you're in the office or across the globe.

Power your business with always-on performance

You can perform a wide range of activities on your phone or tablet through Ariba Supplier's diverse features:

- **Biometric and PIN-based authentication:** Log in quickly and securely with your fingerprint or a PIN.
- **Mobile password generator:** Use the app to generate a one-time password to log in to the Ariba Network portal, and then reset your password if you wish.
- **Ariba Supplier launchpad:** See highlights of key order and invoice details and a summary of transaction activity.
- **Document search:** Find specific orders and invoices and filter search results.
- **Configurable alerts and notifications:** Indicate specific document types and statuses you want to track, and then receive notifications pushed to your mobile device.
- **Document pinning:** Pin important orders and invoices onto your Ariba browser application for access and action later.
- **Order and invoice tracking:** Get clear, constant visibility into order and invoice details, status changes, and historical information.
- **PO confirmation:** Confirm purchase orders right away so customers know you've received them.
- **Ariba® Exchange User Community access:** Read and comment on articles and content about SAP Ariba and Ariba Network.
